

**JANUARY IS NATIONAL RADON ACTION MONTH**

Radon is a radioactive gas that is colorless and odorless. It originates in the soil from the natural decay of uranium that exists in or below most soils. The only way to know if your home has a radon problem is to test for it.

***Radon is the second leading cause of lung cancer in the United States.***

**The U.S. Environmental Protection Agency, (EPA) estimates that radon causes approximately 21,000 deaths per year nationally, most of these are preventable.**

The Iowa AIR Coalition of Public Health Officials is offering Radon test kits at a reduced cost. Please complete this form and mail to:

**Fayette County Env. Health  
P.O. Box 269, West Union, IA 52175**

**Order your radon test kit today for just \$7.00**

---

Enclosed is my \$7.00 check or money order payable to the Fayette Co. Treasurer. Please allow up to 10 days for delivery.  
(Fee includes postage and analysis costs)
